A dark red square containing the white letters 'AI' in a bold, sans-serif font.

Objective

Continuous progress on both professional and personal fronts through all round skills with emphasis on assigned targets. Hard work and team spirit thereby anticipating and meeting the challenging arising in the contemporary competitive business environment integrity and given to sustained hard work. And if provide with an opportunity I shall try my level best in satisfying my superiors in rightful discharge of my duties.

Getting the opportunity to collaborate with one of the best and brightest companies in the field of web development.

Summary

Working on complex, multi layered projects. Building web services, connecting platforms and designing / developing new functionalities. I'm passionate about researching for new tools and experimenting with ideas, coding through the night for fun PoC-s or just solve problems.
